I am fine if you do not think it is the right format for Christian to attend

Thank you. I am checking on time and final list.

I understand the value of having Christian present, but that then limits the Board to a narrower discussion of PREPA only. Let me check and get back to you.

Thank you. N

Natalie,

Please let me know if we can start the meeting at 5 pm and who the attendees will be. We would very much like to host a dinner if at all possible.

Also, is it possible for Chris Sobrino to attend? We would like to find a path to better link strategy and views with the Governor's office as possible, this being such an opportunity.

If we need to do it earlier we can try to find another time.

Best,

Craig

Let afternoon is great and I will check on dinner.

Many thanks! N

Thanks

On the 26th can we do late in the day or is everyone flying out? Could we host a dinner after the meeting?

Noel had never heard of this "states" consortium from DOE reps. He says they have expressed several times a desire to be helpful in the drafting of the PREPA fiscal plan, but not clear if they actually had any role with PREPA.

If I learn more, I will let you know, of course.
